Programme of Workshops

Professional Executive Development Workshops For Business Planning And Decision-Making

A SUITE OF HALF-DAY WORKSHOPS IN CORPORATE EXECUTIVE DEVELOPMENT FOR BUSINESS DECISION-MAKING

These half-day workshops are designed for corporate executives who need to enhance their strategic and tactical decision-making capabilities, and operational leadership to implement sustainable practices for competitive edge.

Corporate executive development requires the essential capabilities of establishing corporate *strategic planning* through applying innovation-driven though risk-informed decision-making; leadership in the establishment and implementation of organisational *tactical and operational planning* through knowledge-based decision-making; implementation of *sustainable practices* in preparation for a future competitive edge; and business *knowledge transfer* through appropriate training of an organisation's human resource assets.

WORKSHOP STRUCTURE

HALF-DAY WORKSHOP 1: Establishing corporate strategic planning through innovation-driven though risk-informed, decision-making.

HALF-DAY WORKSHOP 2: Leadership in organisational tactical and operational planning through knowledge-based decision-making.

HALF-DAY WORKSHOP 3: Sustainable practices set a framework for a company's business planning approach for competitive advantage.

HALF-DAY WORKSHOP 4: Transfer of corporate business knowledge in business planning processes can deliver competitive advantage.

WORKSHOP TUTOR

Dr Rudolph Frederick Stapelberg [BscEng, MBA (Exec), PhD (Eng), DBA, PrEng] has close on three decades of consulting experience, and has delivered training courses for more than two decades to a very wide range of organizations including international corporations such as Alcoa, Anglo American, BP, BHP Billiton, Caltex, Escom, Rio Tinto (CRA), Sasol, Shell, WMC, and many more.

CORPORATE EXECUTIVE DEVELOPMENT FOR BUSINESS DECISION-MAKING

HALF-DAY WORKSHOP 1:

Establishing corporate strategic planning through innovation-driven though risk-informed decision-making.

Strategic planning is a continuous and systematic process where executives of an organisation make decisions about its future, develop the necessary procedures and operations to achieve that future, and determine how success is to be measured.

WORKSHOP CONTENTS

Coffee 08h30 - 09h00

INTRODUCTION

**Framing and Analysing Critical Corporate Objectives
Developing and Applying Group Business Innovation
Setting Achievable as well as Top Business Targets
Measuring Performances Against Business Targets
Analysing Forecast versus Target Performance Gap**

Morning Tea 10h00 - 10h30
